NOTICE TO NAVIGATION INTERESTS

OKEECHOBEE WATERWAY, FLORIDA

CLOSED FROM

MOORE HAVEN LOCK TO ST LUCIE LOCK

1. Mariners are hereby notified that due to hurricane Wilma the Okeechobee Waterway (OWW) from Moore Haven Lock to St. Lucie Lock is closed until further notice.

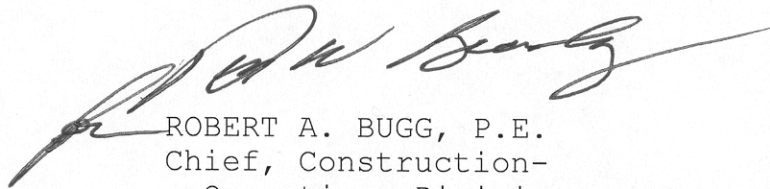

- Moore Haven Lock closed to navigation due to sunken boat and debris.
- Moore Haven to Clewiston closes due to floating vegetation blocking OWW, Route 2.
- Clewiston to South Bay closed due to debris, South Bay to Pahokee closed due to floating vegetation, tussocks material.
- RV's boats and other debris blocking OWW at Torry/Kreamer Island Bridge.
- C-44 Canal closed due to FP&L cable across channel and debris at Indiantown Bridge.

2. OWW will be reopened when hazards to navigations have been cleared.

3. Additional information concerning this hazard and/or Lake Okeechobee and the adjoining waterway may be obtained by accessing the Jacksonville District web site at <http://www.saj.usace.army.mil> and from the Menu, clicking either on the COASTAL NAVIGATION and/or WATER MANAGEMENT selections then clicking Navigation Bulletins and Lock Closure information.

U.S. Army Corps of Engineers, either Jacksonville, Point of Contact is Earl Wagner (904) 232-3974. Or you may contact South Florida Operations Office in Clewiston, FL at (863) 983-8101.

FOR THE COMMANDER:

A handwritten signature in black ink, appearing to read "Robert A. Bugg", is written over the typed name and title.

ROBERT A. BUGG, P.E.
Chief, Construction-
Operations Division
